Conference Call -2

The epidemic situation in our country is not conducive to face-to-face meetings. Although we all yearn to meet, talk, present our research and exchange our experiences, fear for our own health makes us prefer to limit meetings to the necessary minimum.

In the first call, we offered an opportunity to choose the preferred form of participation. We were optimistic to think we would be able to organize a hybrid conference. However, there are only 3 registrations for the on-site meeting, and the majority the participants chose the on-line conference. Therefore, the Organizing Committee decided to hold a fully **on-line conference**.

All the necessary information concerning the participation will be sent after 20th May 2021.
