

# Links Childcare

## About Us

Links Childcare is an Irish owned childcare provider, and has 11 crèche's across Dublin, Ireland. Our state-of-the-art purpose-built crèches are carefully designed to provide each child with a warm, homely, and stimulating experience.

## Our Mission Statement

Links Childcare aims to provide the highest standard of care throughout our comprehensive range of services, from nursery through our Early Childhood Care and Education Programme (ECCE) to afterschool. We strive to provide as flexible a service as possible, continuously consulting with our parents to provide an excellent early childhood care and education experience. Above all, we aim to provide a service which is a 'home away from home' for your daughter or son.

## Our Ethos

Our early childhood care and education service is based on a strong value-based ethos. We believe that the values of justice, inclusivity, equality, respect, and dignity are central to the operation of Links Childcare. These values are applicable to all stakeholders, parents/guardians/other care givers, children and staff. They promote a strong caring ethos which benefits us all but particularly our children that we provide care for.

## Our Practice

Links Childcare – Towards the Provision of a Quality Service.

At Links Childcare we believe that quality is a subjective and dynamic concept that is difficult to define. We also believe that it is something which is constantly evolving and the journey towards quality must be viewed as a continuous process as opposed to a product. We are actively involved in improving our service and have established parent committees in each of our crèches.

While supporting the concept of that evolving process, Links Childcare believes that the following five areas are fundamental prerequisites for the provision of a quality service.

- Environment,
- Nutrition,
- Stimulating curriculum,
- Qualified caring staff,
- Flexible service.

*Learning through discovery & play*
